

# DECLARATION OF CONFORMITY

According

## 1) Pressure Equipment Directive 2014/68/EU

We,

KLINGER Fluid Control GmbH  
Am Kanal 8-10  
A-2352 Gumpoldskirchen

declare, that the product range

Ball Valve KLINGER Ballostar  
Type: **KHE**  
Size: **DN 32 - 200 and 1 1/4" to 8"**  
Connection: **Flange**

to which this declaration is referring to, is in compliance with the directive 2014/68/EU (PED) and the following standards

EN 19, EN 1092-1, EN 10213, EN 12266-1, EN 12516-1/-2 (except point 10),  
EN 16668, EN 13445-3 (only point 11), EN 558 and EN 1893

and was subjected to the following conformity assessment procedure:

Modul H (full quality assurance)

The surveillance of the quality system and the design review is performed by:

TÜV Süd Landesgesellschaft Österreich GmbH  
Franz-Grill-Straße 1, Arsenal Objekt 207  
1030 Wien  
(notified body no. 0531)

## 2) Machinery Directive 2006/42/EG

Depending on the intended drive system, our ball valves are divided into the following categories according to the Machinery Directive:

### a) Complete machine

The series Ballostar KHE, DN15 – DN200 and 1/2“ to 8“, PN16 – PN40 and CLASS 150 with a built-in drive system, or valves without a drive, but with a clearly defined drive (type, interfaces, performance and connecting means, and precise installation instructions for the drive system)

#### Notice:

Valves up to and including DN25 have a CE marking without a notified body according to the Machinery Directive (no CE marking according to the Pressure Equipment Directive 2014/68/EU - Article 4, paragraph 3, good engineering practice).

Valves larger than DN25 have a CE marking with a notified body (0531) in accordance with the Pressure Equipment Directive 2014/68/EU, whereby the Machinery Directive 2006/42/EC also applies.

### b) Incomplete machine

The series Ballostar KHE, DN15 – DN200 and 1/2“ to 8“, PN16 – PN40 and CLASS 150 without a built-in drive system but with a defined interface for automation (but no clear drive system specified).

#### Notice:

Valves up to and including DN25 do not have a CE marking in accordance with the Pressure Equipment Directive 2014/68/EU and the Machinery Directive 2006/42/EC.

Valves larger than DN25 have a CE marking with a notified body (0531) in accordance with the Pressure Equipment Directive 2014/68/EU, whereby the Machinery Directive 2006/42/EC also applies.

**We hereby declare that the above-mentioned complete and incomplete machines comply with all relevant provisions of the Machinery Directive 2006/42/EC.**
